

Digital Signage in Education

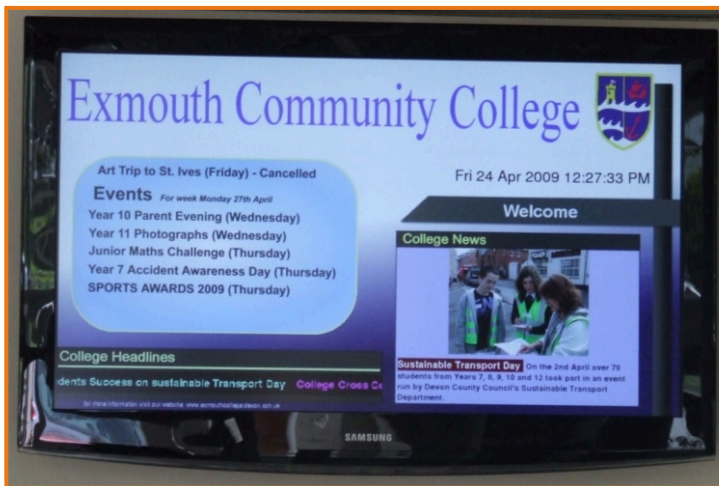

Jayex Megavision Displays are the ideal way to display important information and up to date messages to parents, visitors, staff and students on their way into school or college.

We offer a full design, build, installation, and training service including bespoke over-sized cases powder-coated to a colour that suits your school's corporate image and complete with vinyl logos & legends from supplied artwork.

Jayex supply Megavision in a variety of LED colour - red, white, amber etc. Wide-angle ultra bright LEDs offer great viewing angles and can be seen in direct sunlight.

Maximise viewing impact to your visitors by using variable fonts and character heights, user drawn graphics, static or scrolling text and time & date display via our easy-to-use PC operating software.

Today's students are switched on to digital communication and Jayex Media is the perfect way to extend this into their place of learning.

Digital Signage combines various types of media on to one LCD screen. Media types include: Video, Ticker, RSS feed, Audio, Images, Flash Animation, Websites and also Digital TV.

Digital Signage for schools offers an exciting and proven method of delivering messages to staff, students and visitors at key locations:

- Receptions** Welcome Students, Visitors and Parents
- Hallways** Room Changes, Time-tables, School Activities
- Canteen** Menus, Prices and Health & Safety messages
- Staff Rooms** Staff absences, Departmental meetings, reports on targets, list of daily visitors etc.

Call or Email us for more information, or if you would like us to visit you to demonstrate how digital signage can work for your school.
